List of technical terms / abbreviations

HDR

„HDR" stands for „High Dynamic Range" and is a technology for expressing colours and contrasts more vividly.

How does the technology work **with smartphones**?

→ With an HDR image, at least three images are captured simultaneously.

→ Large differences in brightness in the picture are reproduced in great detail.

---

eARC

"eARC" is a function that was implemented in the HDMI™ 2.1 standard. It stands for "Enhanced Audio Return Channel" and enables a significantly higher bandwidth for audio transmission via HDMI™ cable. eARC makes it possible to transmit the original audio signal in full resolution via an HDMI™ cable and reproduce the best sound without compromise.

Power Delivery (PD)

USB Power Delivery, or USB PD for short, is a standard for power transmission for USB-C products.

→ Enables faster charging with a wide range of devices

hama

S/FTP

The S/FTP cable (Screened Foiled Twisted Pair) is an improved version of the FTP cable. It has better shielding properties because it has two shields.

→ Foil shielding

→ Braided shielding

This shielding ensures that interference is prevented. Interference causes poor signal transmission quality.

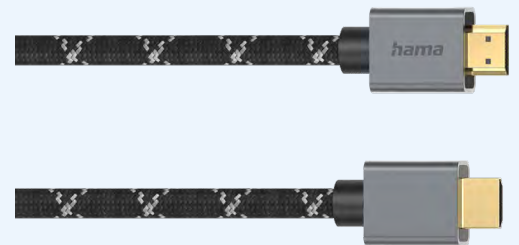

Aramid fibres

"Aramid fibres" are organic synthetic fibres. They consist of individual filaments that are put together to form a thread.

Aramids are characterised by high thermal and chemical resistance, strength and elasticity as well as good flame resistance and dimensional stability.

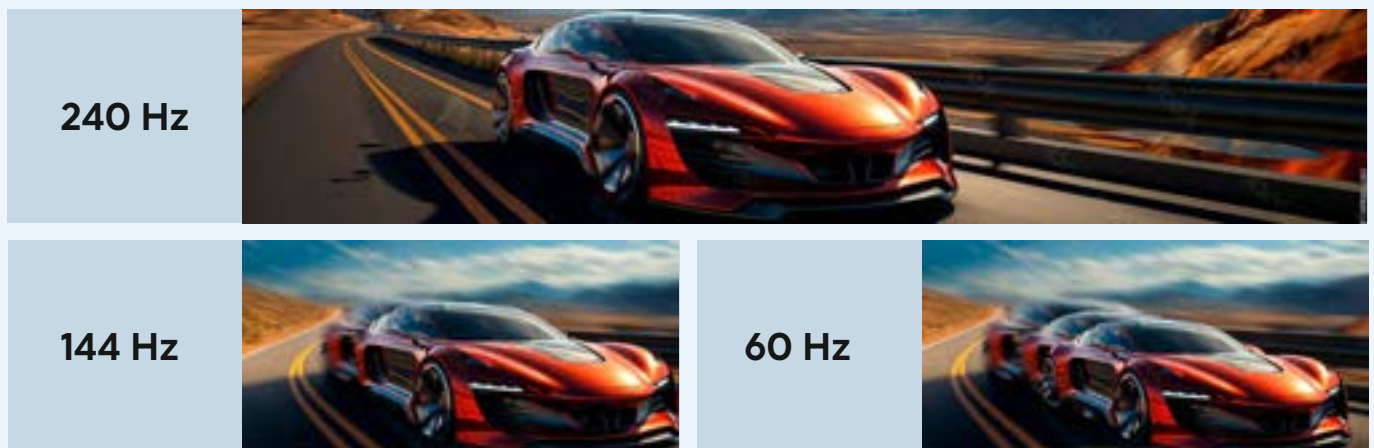

Hz (refresh rate)

The refresh rate indicates how many images a monitor/TV displays per second. The unit for this is called Hertz (Hz).

A high refresh rate ensures smooth images.

**240 Hz**

144 Hz

60 Hz

MST

MST is a technology that allows multiple external monitors (with different graphic content) to be connected via a single USB-C port.

AOC

"AOC" means "Active Optical Cable" - this can significantly improve the quality and consistency of audio and video transmission.

It is particularly good for the transmission of digital video and audio, as they have a very high bandwidth. They are also very robust and can be used in environments with a lot of electromagnetic interference.
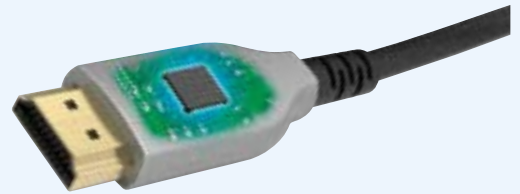

HEC

HEC is an HDMI Ethernet channel, i.e. a network connection in an HDMI™ cable

They enable the transmission of Internet data at high speeds with better bandwidth. If you use WLAN, you can use HDMI™ Ethernet to get a better, faster and more stable connection.

Explanation of symbols

| **Item No.** | Item number |

		BP	Box packaging	ST	Strap	HC	Hang card
		LA	Label	SL	Slipcase	HB	Hang box

Content

Future in Connection
The cable concept
of the future.

→ With our newly developed Future in Connection range, we are focusing not only on quality and technology, but also on recyclable packaging. For the sake of our environment, we use FSC-certified paper for all our packaging.

→ It is structured on the basis of our existing, tried-and-tested range of high-quality products with their own design. New products from on-trend topics, such as 8K or USB-C, have also been integrated to match.

→ Our range covers products for screens, sound, external communication (aerial / SAT, network), tooling, power & cleaning, as well as power supply units and adapters / hubs. On-trend topics such as 8K or USB-C are no longer being allocated strictly to one area of use, but rather are part of the audio/video/aerial range, as well as in multimedia, since these worlds are becoming increasingly networked. The result is a portfolio of almost 600 articles that place the emphasis on the application that is also reflected in its own colour guidance system.

The range structure

→   The range has been divided up into three different product lines. Entry, Essential line and Prime line: these various product lines have different quality features and guarantee promises, allowing a clear distinction to be made between them.

→   The result: The perfect blend of top-sellers and professional articles on the sales wall. Consumers quickly and easily get the ideal solution for almost every problem relating to cables and adapters.

→   In the future, there will be no more distinction according to the star system. Instead, distinctions should be made based on „real" criteria. With the old star system, it was not immediately obvious to consumers why a 3-star product costs more than a 1-star product. „Real" criteria make a higher price immediately understandable for consumers.

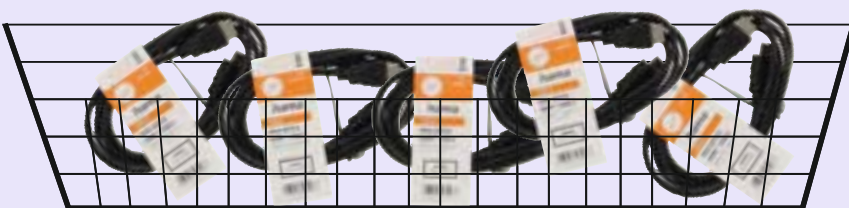

PRIME LINE

30-year warranty

ESSENTIAL LINE

10-year warranty

ENTRY

GB Ultra High Speed HDMI™ Cable
For connecting monitor, TV, projector, etc.

D Ultra-High-Speed-HDMI™-Kabel
Zum Anschluss von Monitor, TV, Beamer, …

F Câble HDMI™ ultra-haute vitesse
Permet le raccordement d'un moniteur, d'un téléviseur, d'un projecteur, … Fiche mâle dorée. Aluminium élégant et robuste. Double blindage. Gaine de câble haute technologie. Gaine de câble haute technologie renforcée avec des fibres d'aramide : particulièrement robuste, thermorésistante et durable.

E Cable HDMI™ de ultra alta velocidad
Para conectar monitores, televisores, proyectores … Clavija chapada en oro. Aluminio robusto y elegante. Apantallado doble. Cubierta de alta tecnología del cable. La cubierta de alta tecnología del cable está reforzada con fibras de aramida; por ello, es muy robusto, duradero y resistente al calor.

NL Ultra High Speed HDMI™-kabel
Voor aansluiting van monitor, tv, beamer, … Vergulde stekker. Elegant en robuust aluminium. Dubbel afgeschermd. Hightech-kabelmantel. Hightech-kabelmantel versterkt met aramidevezels: bijzonder robuust, hittebestendig en duurzaam.

I Cavo HDMI™ ad altissima velocità
Per collegare schermi, TV, proiettori, … Connettore placcato oro. Alluminio elegante e robusto. Schermatura doppia. Guaina del cavo high-tech. Guaina del cavo high-tech rinforzata con fibre di aramide: particolarmente robusta, resistente al calore e a lungo ciclo di vita.

PL Kabel HDMI™ o bardzo dużej szybkości transmisji
Do podłączania monitora, telewizora, projektora itd. Pozłacana wtyczka. Eleganckie i solidne aluminium. Podwójne ekranowanie. Nowoczesna osłona kabla. Z nowoczesną osłoną kabla wzmocnioną włóknami aramidowymi: szczególnie wytrzymała, odporna na wysokie temperatury i trwała.

H Ultra nagysebességű HDMI™ kábel
Monitor, TV, kivetítő stb. csatlakoztatására. Aranyozott dugó. Elegáns és robusztus alumínium. Kétszeres árnyékolás. Csúcstechnológiát képviselő kábelköpeny. Aramidszállal erősített, csúcstechnológiát képviselő kábelköpeny: különösen erős, hőálló és hosszú élettartamú.

RO Ultra High Speed HDMI™ Cable
Pentru conectarea unui monitor, televizor, proiector, … Ștecăr aurit. Aluminiu elegant și robust. Dublu ecranat. Înveliș de cablu hightech. Cu înveliș de cablu hightech întărit cu fibre de Aramidă: deosebit de robust, rezistent la temperaturi înalte și durabil.

CZ Ultra vysokorychlostní kabel HDMI™
Pro připojení monitoru, TV, Beamer, … Pozlacený konektor. Elegantní a robustní hliník. Dvojité stínění. High-tech plášť kabelu. Aramidovými vlákny zesílený high-tech plášť kabelu: obzvláště robustní, odolný vůči teplu s dlouhou životností.

SK Ultra vysokorychlostný kábel HDMI™
Pre pripojenie na monitor, TV, projektor, … Pozlátená zástrčka. Elegantný a robustný hliník. Dvojnásobné tienenie. High tech opláštenie kábla. S high-tech opláštením kábla zosilneným aramidovými vláknami: mimoriadne robustné, tepelne odolné a s dlhou životnosťou.

P Cabo HDMI™ de velocidade ultrarrápida
Para ligação de monitor, TV, Beamer, … Ficha dourada. Alumínio elegante e resistente. Blindagem dupla. Revestimento do cabo de tecnologia de ponta. Revestimento do cabo de tecnologia de ponta reforçado com fibras de aramida: robustez excecional, resistência ao calor e vida útil longa.

S HDMI™-kabel med ultrahög hastighet
För anslutning av monitor, TV, OH-kanon m.m. Förgylld stickkontakt. Elegant och robust aluminium. Dubbelt skärmad. Högteknologisk kabelmantel. Aramidarmerad hightech-kabelmantel, särskilt robust, värmetålig och långlivad.

RUS Высокоскоростной кабель HDMI™
Для подключения монитора, ТВ, проектора, … Позолоченный штекер. Элегантный и прочный алюминиевый корпус. Двойное экранирование. Оболочка высококачественного кабеля. Усиленная арамидным волокном оболочка высококачественного кабеля: особо прочная, термостойкая и долговечная.

BG Ултра високо скоростен кабел HDMI™
За свързване на монитор, ТВ, проектор, … Позлатен щекер. Елегантен и здрав алуминий. Двойно екраниран. Високотехнологична кабелна обвивка. Подсилена високотехнологична кабелна обвивка от арамидни влакна: особена издръжлива, топлоустойчива и дълготрайна.

GR Καλώδιο HDMI™ εξαιρετικά υψηλής ταχύτητας
Για σύνδεση οθόνης, τηλεόρασης, συσκευής προβολής, … Επιχρυσωμένο βύσμα. Κομψό και ανθεκτικό αλουμίνιο. Διπλίνο εκρανιραν. Περίβλημα καλωδίου hightech. Με περίβλημα καλωδίου hightech ενισχυμένο με ίνες αραμίδιου: ιδιαίτερα γερό, ανθεκτικό στις υψηλές θερμοκρασίες και με μεγάλη διάρκεια ζωής.

TR Ultra Yüksek Hızlı HDMI™ Kablosu
Ekran, TV, yansıtıcı, … bağlantısı için. Altın kaplamalı soket. Şık ve dayanıklı alüminyum. Çift yalıtımlı. İleri teknoloji kablo kaplaması. Aramid dokuma kumaşlarla güçlendirilmiş ileri teknoloji kablo kaplaması: son derece sağlam, ısıya dayanıklı ve uzun ömürlü.

FIN Ultranopea HDMI™ -kaapeli
Näytön, television, videoprojektorin jne. liitäntään. Kullattu pistoke. Tyylikäs ja kestävä alumini. Kaksinkertainen suojaus. Huipputekninen johdon vaippa. Aramidikuiduilla vahvistettu huipputekninen johdon vaippa: tukeva, lämmönkestävä ja pitkäikäinen.

Docking stations - smart all-rounders

Notebooks and laptops bring a lot of flexibility to working life. Whether in the office, on the move or working from home - working from anywhere is now possible. However, this also means that all connected devices, such as the mouse, monitor or network connection, have to be set up again at each location. Docking stations provide a remedy:

→ **Plug in and get started:**
   all devices are connected to the notebook/laptop with just one cable

→ **The perfect setup:**
   for a healthy sitting position and everything exactly where you need it

→ **Efficient working:**
   fast data transfer and high resolutions allow you to work without compromise

Connection	USB-C-plug
USB Standard	USB-3.2 Gen 2
Number of Connections	12 Port(s)

- Super speed Plus data transfer rates of up to 10 Gbps
- USB-C socket supports USB Power Delivery (USB PD) and rapid data transfer
- For perfect, high-resolution ultra-HD cinema quality with 4096x2160 (4K) pixels
- With MST (Multi-Stream Transport), you can connect three additional monitors to a notebook, for example, and use all four screens at the same time with different content
- Gigabit Ethernet data transfer at up to 1 Gbps
- For perfect, high-resolution, HiFi stereo sound quality
- High-quality and sturdy aluminium housing with a sophisticated finish
- Large socket distance allows problem-free connection even of wide plugs
- Flexible materials guarantee optimum kink protection and prevent cable breakage
- High-quality materials and workmanship guarantee excellent transmission quality
- The USB-C port is positioned in the centre of the docking station, so it

works with all notebooks regardless of whether the USB-C socket is on the left or right
- Angled configuration allows convenient position and comfortable working at the desk or on the move
- Collapsible notebook stand for space-saving working or transport
- Rubberised feet for a secure stand without slipping
- Secure stand for laptops up to 15.6" (39.62 cm)
- Plug & Play, no manual software / driver installation required
- Compatible with Thunderbolt 3/4 (lightning symbol)
- Power supply via USB

Connections:
- 4 x USB-A: for e.g. external hard drive, USB stick, mouse, keyboard, printer
- 2 x USB-C data: for e.g. external hard drive, USB stick, mouse, keyboard, printer

USB Standard	USB-3.2 Gen 1

- Super speed data transfer rates of up to 5 Gbps
- USB-C socket supports USB Power Delivery (USB PD) and rapid data transfer
- For perfect, high-resolution ultra-HD cinema quality with 4096x2160 (4K) pixels
- Gigabit Ethernet data transfer at up to 1 Gbps
- Secure stand for tablets and smart-phones up to a size of 7" (17.78 cm) - for comfortable working on the move and at the desk
- High-quality and sturdy aluminium housing with a sophisticated finish
- Large socket distance allows problem-free connection even of wide plugs
- Flexible materials guarantee optimum kink protection and prevent cable breakage
- High-quality materials and workman-ship guarantee excellent transmission quality
- Plug & Play, no manual software / driver installation required
- Compatible with Thunderbolt 3/4 (lightning symbol)
- Power supply via USB

Connections:
- 3 x USB-A: for e.g. external hard drive, USB stick, mouse, keyboard, printer
- 1 x USB-C data: for e.g. external hard drive, USB stick, mouse, keyboard, printer
- 1 x USB-C power: for e.g. PD charger, PD power supply unit, PD power pack
- 1 x HDMI™: for connection to an e.g. monitor, TV or projector
- 1 x LAN/Ethernet: for e.g. cabled Internet / network connections
- Operating system: Windows 11/10/8/7 and Mac OS 10.8 upwards
- To use the charging function over USB-C, the device must support USB Power Delivery (USB PD) or Thunder-bolt 3/4.
- To use the monitor function over HDMI™, the device must support DisplayPort Alternate Mode or Thun-derbolt 3/4.

How a smartphone becomes a computer

Smartphones with a suitable USB-C interface are not nicknamed "mini-computers" for noth-ing, because together with a monitor and the appropriate hub, they take on the role of a PC and enable mobile and practical work on a large screen.

The "green" multi-port adapter

High-quality technology in a sustainable housing - this is what our recycling miracle with 6 connections stands for. The plastic housing is made of 50 % recycled PCR material, thus protecting the environment right from the production stage. Inside, the adapter impresses with a new circuit board and enables lightning-fast data transfer as well as high-resolution Ultra HD cinema quality.

USB Monitor Adapter

hama

6 in1 Adapter, "Connect2Go", USB-C, Mini-DisplayPort, HDMI™, VGA

Shade of colour	Grey

- For perfect, high-resolution ultra-HD cinema quality with 4096x2160 (4K) pixels
- 6-in-1 adapter can be used in a variety of ways: individually or also in an inter-connected combination
- High-quality and sturdy aluminium housing with a sophisticated finish
- Gold-plated plug with low contact resistance for secure signal transmission
- Flexible materials guarantee optimum kink protection and prevent cable breakage
- High-quality materials and workmanship guarantee excellent transmission quality
- Mini-DisplayPort: supports audio / video transmission in Ultra-HD 4K @ 60 Hz resolution
- HDMI™: supports audio / video transmission in Ultra-HD 4K @ 60 Hz resolution
- VGA: supports video transmission in Full-HD 1080p @ 60 Hz resolution
- Compatible with Thunderbolt (lightning symbol)

Combinations:
1: USB-C plug - Mini-DisplayPort socket
2: USB-C plug - HDMI™ socket
3: USB-C plug - VGA socket
4: Mini-DisplayPort plug - HDMI™ socket
5: Mini-DisplayPort plug - VGA socket
6: HDMI™ plug - VGA socket
USB-C Connection with DisplayPort Alternate Mode or Thunderbolt -3/4 Support.

USB

USB

Why are some USB ports colour-coded?

The colour of the USB plug indicates which USB version it is.

Blue: USB 3.0

White/black: USB 1.0
White/black: USB 2.0

Note, however, that the colour codes are not always uniform, as their use is left to the manufacturers.

The universal interface is now found almost everywhere - whether to connect devices or to supply power. Different speeds are used:

Thunderbolt™ 3+4/ USB4
40 Gbit/s

USB 3.2 Gen 2 x 2
20 Gbit/s

USB 3.2 Gen 2
10 Gbit/s

USB 3.2 Gen 1
5 Gbit/s

USB 2.0
480 Mbit/s

hama

Thunderbolt™ Cable

hama

"USB-C" Thunderbolt-4 Cable, 40 Gbit/s, 5A, 100W, Ultra-HD 8K, 0.80 m

Productline	Essential Line
Shade of colour	Black
Connection	USB-C-plug
Max. Data Transfer Rate	40 Gbit/s
Thunderbolt™-Standard	Thunderbolt™ 4

- Super speed Plus data transfer rates of up to 40 Gbps
- Connected devices are automatically recognized and optimally charged
- For perfect, high-resolution ultra-HD cinema quality with 7680x4320 (8K) pixels
- Double shielding for good reduction of electromagnetic interference
- Slimline plug is especially ideal for mobile and flat devices or when space is limited
- Flexible materials guarantee optimum kink protection and prevent cable breakage
- High-quality materials and workmanship guarantee excellent transmission quality
- This fully equipped Thunderbolt cable can also be used as a USB-C monitor cable
- Suitable and tested for Thunderbolt-4, compatible with Thunderbolt-3, USB4, USB 3.2 (Gen2 and Gen1) as well as USB 2.0
- Twisted data pairs with an outer sheath made from robust PVC material minimise interference
- Internal wires made from copper for rapid data transfer and the best supply of power

USB4 Gen3, 40 Gbit/s

hama

USB Cable „USB-C, E-Marker, USB4 Gen3, 40 Gbit/s, 5A, 240W", Black

Quality	Essential
Connection	USB-C-plug
USB Standard	USB-4.0

- Super speed Plus data transfer rates of up to 40 Gbps
- Connected devices are automatically recognized and optimally charged
- For perfect, high-resolution ultra-HD cinema quality with 7680x4320 (8K) pixels
- Double shielding for good reduction of electromagnetic interference
- Slimline plug is especially ideal for mobile and flat devices or when space is limited
- Flexible materials guarantee optimum kink protection and prevent cable breakage
- High-quality materials and workmanship guarantee excellent transmission quality
- Supports USB-C Power Delivery (PD) 3.1 Extended Power Range (EPR) Standard with up to 240 W
- This fully equipped USB4 cable can also be used as a USB-C monitor cable
- Twisted data pairs with an outer sheath made from robust PVC material minimise interference
- Internal wires made from copper for rapid data transfer and the best supply of power
- Ideal for charging, transferring data and synchronising
  If used as a monitor cable: USB-C Connection with USB4, DisplayPort Alternate Mode or Thunderbolt-3/4 Support.

"USB-2.0, A-Plug - B-Plug,
480 Mbit/s", Black**

Quality	Essential
Connection	USB-Typ-A-Plug, USB-Typ-B-Plug
USB Standard	USB 2.0

- High-speed data transfer of up to 480 Mbps
- Double shielding for good reduction of electromagnetic interference
- Flexible materials guarantee optimum kink protection and prevent cable breakage
- High-quality materials and workmanship guarantee excellent transmission quality
- Twisted data pairs with an outer sheath made from robust PVC material minimise interference
- Internal wires made from copper for rapid data transfer and the best supply of power

Computers

Network

Network

Whenever a signal comes from outside, it must first travel through an antenna or network cable to its intended receiver. Depending on the application, different requirements apply, which Future in Connection covers with a variety of cables.

Network cables
Here, the transfer rate counts.

	Frequency	Transfer rate
CAT 8/G	2,000 MHz	40 Gbit/s
CAT 6A/EA	500 MHz	10 Gbit/s
CAT 6	250 MHz	1 Gbit/s
CAT 5E	100 MHz	1 Gbit/s

CAT 8   40 Gbit/s

CAT 6a   10 Gbit/s

CAT 6
CAT 5e 1 Gbit/s

hama
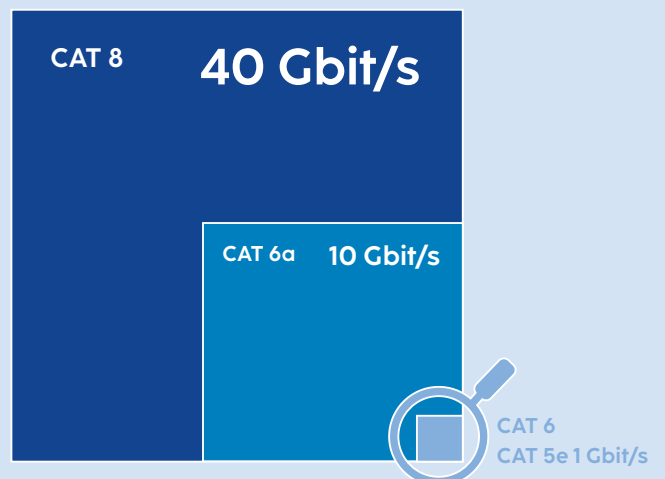

Highlight

200691 | Network cable, CAT-8, 40 Gbit/s, S/FTP shielded, halogen-free, 0.50 m

→ For connecting a PC, notebook, TV set and gaming console with routers, switches, hubs or wall sockets in order to transfer digital Internet, network data and signals

→ Gigabit Ethernet data transfer at up to 40 Gbit/s

→ Halogen-free cables (LSZH) are flame-retardant and release no corrosive or toxic gases and hardly any smoke in the event of a fire - providing more safety

→ Gold-plated plug with low transfer resistances for reliable signal transmission

→ Double shielding for good reduction of electromagnetic interference

→ Slimline plug is especially ideal for mobile and flat devices or when space is limited

Difference
in the various network cables.

(US) category	(EU) class	Bandwidth	Applications	Data rate according to application
Cat 8	G	2000 MHz	40 GBASE-T, 25 GBASE-T	40 Gbit/s
Cat 6A	EA	500 MHz	10 GBASE-T	10 Gbit/s
Cat 6	E	250 MHz	5 GBASE-T	1 Gbit/s
Cat 5e	D	100 MHz	1000 BASE-T, 2.5 GBASE-T	1 Gbit/s
Cat 5	D	100 MHz	100 BASE-TX	100 Mbit/s

NETWORK

Network Cable CAT-8

hama

Network Cable „CAT-8, 40 Gbit/s, S/FTP shielded, halogen-free", Black

Network Standard	CAT 8
Shielding	S/FTP

- Gigabit Ethernet data transfer at up to 40 Gbps
- Halogen-free cables (LSZH) are flame-retardant and release no corrosive or toxic gases and hardly any smoke in the event of a fire - providing more safety
- Gold-plated plug with low contact resistance for secure signal transmission
- Double shielding for good reduction of electromagnetic interference
- Slimline plug is especially ideal for mobile and flat devices or when space is limited
- Flexible materials guarantee optimum kink protection and prevent cable breakage
- High-quality materials and workmanship guarantee excellent transmission quality
- Twisted wire pairs with an outer sheath made from robust material minimise interference
- Suitable and tested for Gigabit Ethernet (10/100/1000/40000 Mbit/s)
- Ideal for the new high-speed Internet

Network Cable CAT-7

hama

Network Cable "CAT-7 PIMF, copper, halogen-free (LSZH)", Orange

Network Standard	CAT 7
Shielding	S/FTP

- Gigabit Ethernet data transfer at up to 10 Gbps
- Halogen-free cables (LSZH) are flame-retardant and release no corrosive or toxic gases and hardly any smoke in the event of a fire - providing more safety
- The inner conductor is made of copper which ensures best transmission properties
- Double shielding for good reduction of electromagnetic interference
- High-quality materials and workmanship guarantee excellent transmission quality
- Twisted wire pairs with an outer sheath made from robust material minimise interference
- Suitable and tested for the Gigabit Ethernet (10/100/1000/10000 Mbit/s)
- Ideal for the new high-speed Internet
- Fire behaviour according to BauPVo (construction products regulation)
- Bare copper wire AWG 23

Network Cable Tester

hama

Network Cable Tester, Conduction Testing Device for 8p8c (RJ45), 6p6c or 6p4c

Connection	RJ45 (8p8c)-Coupling

- Master and removable remote unit for checking cables even over long distances or in separate rooms
- Checks wires in the cable for continuity, short circuits, wire reversal and defects
- Connection test with indicator via LEDs for up to 8 individual wires and shielding
- Suitable for cables with 8p8c (RJ45), 6p6c or 6p4c modular connectors

DisplayPort Cable
"DP 1.4, Ultra-HD 8K, Alu", Black

Max. Resolution	8K (7680 x 4320)
Version	1.4

- For perfect, high-resolution ultra-HD cinema quality with 7680x4320 (8K) pixels
- High-quality and sturdy aluminium housing with a sophisticated finish
- High-tech cable sheath reinforced with aramid fibres: especially sturdy, heat-resistant and long-lasting
- HDR optimises the display of contrast, colour depth, brightness and sharpness for vibrant pictures
- Gold-plated plug with low contact resistance for secure signal transmission
- Double shielding for good reduction of electromagnetic interference
- Flexible materials guarantee optimum kink protection and prevent cable breakage
- High-quality materials and workmanship guarantee excellent transmission quality
- Twisted data pairs with an outer sheath made from robust PVC material minimise interference
- Ideal for gaming monitors with a high screen refresh rate (Hz)

| Component	USB-Type-C-Cable

- High-quality workmanship, power and safety
- The integrated IC automatically detects connected devices for efficient and optimized charging
- Optimized charging process saves the battery thus extending its service life
- Ideal for quickly charging several devices via USB at the same time
- Elegant and robust aluminium housing
- The power pack provides an energy boost on the go
- Certified cells guarantee the highest safety standard and top quality
- Ideal for all devices that are charged via USB, e.g. notebook, tablet, smartphone, power pack, console
- Also for Apple MacBook, Samsung Galaxy Tab S10, Nintendo Switch
- Can be carried in hand luggage on flights
- Power Pack with integrated LED capacity display
- USB Power Delivery is also known as "USB PD"
- Compatible with Thunderbolt-3/4 (lightning symbol)
- 1 x USB-C, 2 x USB-A

Sustainable storage solution

Continue to use the hard drive of your old PC with the help of a hard drive housing.

What is a hard drive housing?

A hard drive housing allows external hard drives (HDDs) or SSDs to be connected externally via a USB connection.

In comparison:

M.2:

→ High speed

→ 5 to 7 times faster read rate than an SSD

→ Approx. 70% slimmer than an SSD

→ Usually installed in new, high-quality notebooks

SSD: "Solid-State Drive":

→ Electronic storage medium

→ Fast access times

→ Robust structure

→ Virtually silent

→ Used especially in mobile devices

hama

Highlights

USB hard drive housing
for M.2 SATA and NVMe SSD hard drives
| 00200764

Hama USB hard drive housing
for 2.5" SSD and HDD hard drives
| 00200760

Advantages of a
hard drive housing.

A hard drive housing allows an internal hard drive to be used as
an independent, external storage solution. This means that the
hard drive of an old computer that is no longer used any more to
continue being used. No additional software needs to be instal-
led on the PC for this. The hard drive housing also offers physical
protection against damage for the storage media.

Hard Drive Adapter

Antenna Cable

hama

Antenna Cable "for Cablerouter, Network, F-Stecker, 100 dB", White

Type of Shielding	Triple Shielded
Screening Rate	100 dB

- Ethernet data transmission of up to 1000 Mbit/s
- Gold-plated plug with low contact resistance for secure signal transmission
- Triple shielding for very good reduction of electromagnetic interference
- Ferrite core for decimating remaining interference and for good signal transmission
- The inner conductor is made of copper which ensures best transmission properties
- High-quality materials and workmanship guarantee excellent transmission quality
- Suitable for the current EuroDOCIS 3.1/3.0/2.0/1.1/1.0 cable connection transmission standard
- Recommended for the new high-speed Internet
- Can also be used as a satellite cable for receivers / TVs
- 75 Ohm impedance

TV video

Glossary

What does UHD mean?

UHD stands for Ultra-High-Definition and is a collective term for 4K and 8K resolutions. The term is used in the TV industry to indicate when a device has a higher resolution than Full HD. A distinction is made between UHD-1 (4K resolution) and UHD-2 (8K resolution).

Connector types for HDMI cables

There are five different types of HDMI connector: A, B, C, D and E. Plug type A is almost always required, especially for home entertainment equipment. The other connector types are used for notebooks, tablets or in the automotive industry. There are also cables with straight plugs (180°) and with angled plugs:

→ 90° (cable outlet downwards)

→ 270° (cable outlet upwards)

A

Standard

C

Mini

D

Micro

hama
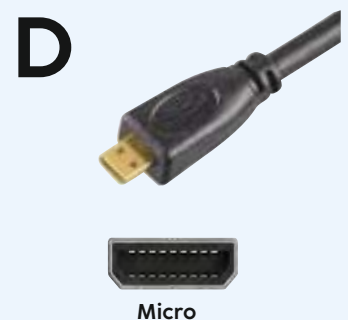

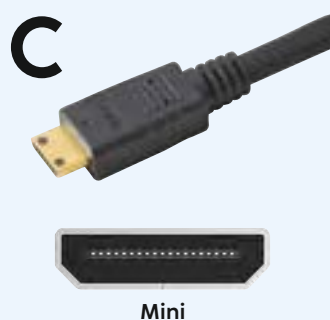

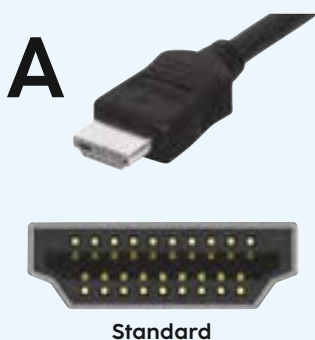

HDMI 8K and 4K differences

8K is the successor to 4K and has a resolution of 7,680 x 4320 pixels. 8K therefore has 4 times more pixels than 4K with 3,840 x 2,160 pixels. The transfer of 8K data is very complex, so that only HDMI version 2.1 offers sufficient bandwidth (up to 48 Gbit/s) and enables transmission in 8K at a refresh rate of 60 Hz.
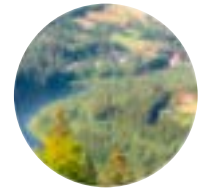

Full HD
1080 pixels

4K Ultra HD
2160 pixels

8K Ultra HD
4320 pixels

8K in everyday life

8K-capable devices are still very costly at the moment. Media content is also rather rare at the moment. However, the Xbox Series X and the PlayStation 5 are already compatible with 8K and support 8K streaming.

HDMI cable with optical signal transmission

Optical fibre cables, often referred to as "glass fibre cables", allow very long distances of up to 100 metres to be bridged by means of optical-digital signal transmission.

Aerial cable shielding dimensions

Good shielding against interfering signals is important so that the mobile phone, for example, does not cause the picture to flicker. The shielding has a significant influence on the transmission behaviour. As a rule, the shielding is only specified by the manufacturer in the form of a number (dB). The higher the dB value, the better the aerial cable is shielded and the higher the quality. Multiple shielding is necessary especially for longer cable lengths.

HDMI cable shielding

The shielding of an HDMI cable is highly relevant. Poorly shielded HDMI cables can cause the signal to be affected by external sources of interference (e.g. power line). In the worst case, this results in a total loss of the image or visible artefacts on the screen in the form of white pixels.

Console gaming at the highest level

Razor-sharp images, crystal-clear sound and a lightning-fast network connection - you need maximum performance to maximise the gaming experience on your console. All the better if a cable can fulfill all these high requirements. Modern HDMI™ cables are the solution for anyone who loves good console gaming:

→ **Picture enjoyment in cinema quality**
8K@60 Hz or 4K@120 Hz ensures lag-free gaming enjoyment in Ultra HD. 120 Hz means the transmission of 120 frames per second, which ensures faster response times and a sharper picture when moving. This is not only more pleasing to the eye but also conducive to fast, top-level gaming - from Fifa to God of War. The active optical technology transmits the data via light waves and enables loss-free 8K data transfer over longer distances. Thanks to Dynamic HDR, every image is optimally displayed.

→ **Crystal-clear sound**
Thanks to eARC technology, all audio formats such as Dolby TrueHD, DTS-HD Master Audio and even object-based formats such as Dolby Atmos and DTS:X flow between the screen and the output device without compression. It provides for up to 32 audio channels, including uncompressed 24-bit/192kHz data streams at up to 38 Mbp/s.

→ **Fully networked**
Devices connected via the HDMI™ cable are connected together in a network - so there is no need to connect each individual device to the Internet. The channel makes this possible by transmitting network data at up to 100 Mbit/s.

→ **Lightning-fast data transmission**
The high-speed data transfer achieves a peak value of up to 48 Gbit/s and guarantees an optimum data flow for unrestricted gaming enjoyment.

HDMI™ cable**

HDMI™ in perfection – certified quality from Hama

Ultra-high-speed HDMI™ cables from Hama meet all specified parameters 100%:

→ Certified performance

→ Tested quality

→ Ingenious features

→ Attractive design
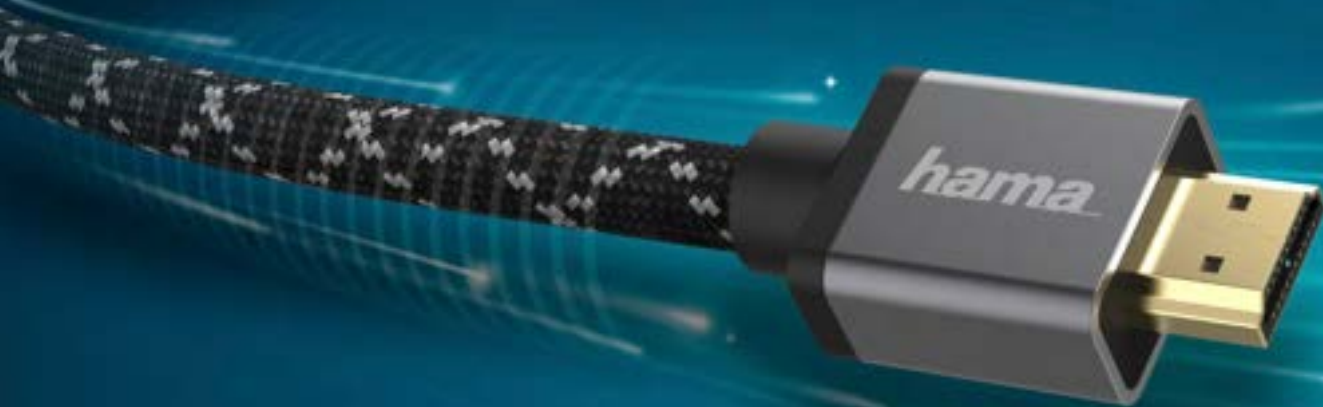

The certificate

The Ultra High Speed certification ensures that all features of HDMI 2.1 are supported, such as uncompressed 8K@60Hz, 4K@120Hz, a data transfer rate of up to 48 Gbit/s, eARC or dynamic HDR. High-contrast and colour-intensive image transmission is guaranteed. This certification, comprising a QR code and hologram, must be visible on the packaging. This certification can even be scanned and a certified cable verified with the help of the HDMI Cable Certification app.
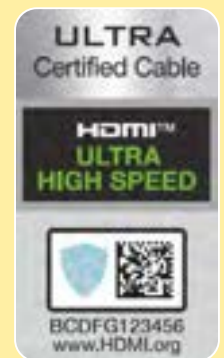

The inspection process

Hama quality assurance checks the cables regularly with a special inspection device. The cables also have to be submitted to an independent test centre certified by the HDMI Forum. Features tested there include the electromagnetic interference (EMI), in order to reduce the interference of, for example, WAN networks, Bluetooth devices or mobile phones.

The cables

Gold-plated plugs

Internal wiring made from copper

Aramid fibre cable sheaths

Optimised kink protection

Ultra-flat plug design

Robust metal plug with excellent shielding

The concept

The certified ultra-high-speed HDMI™ cables are part of the comprehensive Future in Connection cable concept and round off the top end of the HDMI™ cable range.

HDMI™-Cable „Ultra High Speed, HDMI Male - HDMI Male, Certified, 8K, Alu", Black

Productline	Prime Line
Data Transfer Rate	48 Gbit/s
Max. Resolution	8k
Version	High Speed with Ethernet

- HDMI™ cable for perfect, high-resolution ultra HD cinema quality 7680x4320 (8K) pixels
- Supports high graphics resolutions with 4K @ 120Hz for lag-free gaming enjoyment - ideal for Playstation 5 and Xbox Series X
- AOT transmits HDMI™ signals via fault-immune light waves, allowing the optimised, loss-free transfer of 8K data even over long distances
- Dynamic HDR allows every image to be reproduced with the best individual results for depth, sharpness, brightness, contrast and extended colour space
- Supports network connections via HDMI™ for reduced cabling
- Robust metal plug with the best shielding for reliable signal transmission
- Flexible materials guarantee optimum kink protection and prevent cable breakage
- eARC supports the most advanced audio formats without additional audio cables
- 3D transmission due to extended bandwidth
- Gold-plated plug with low contact resistance for secure signal transmission
- High-speed transmission of up to 48 Gbit/s for all image and sound standards from a bandwidth of 600 MHz
- Transmission of the type of player via ACE (Automatic Content Enhancement)

Max. Resolution	1080 p
Version	High Speed with Ethernet

- Transfer of all digital video, audio and copy protection data and signals
- Gold-plated plug contacts for secure signal transmission thanks to low transfer resistances
- For perfect, high-resolution, Full HD quality (1920 ×1080 pixels)
- Colour space: 30/36/48 bit
- Transfer of 8PCM, Dolby Digital, DTS, MPEG, DVD audio, SACD, Dolby Digital Plus, True HD and dts-HD audio data
- Network functionality thanks to integrated Internet / Ethernet channel (HEC); network 100 MB/s
- With integrated audio return channel (ARC)
- Transmission of the type of player via ACE (Automatic Content Enhancement)
- HDMI™ CEC support (Consumer Electronics Control)
- High-speed transfer of up to 10.2 Gbit/s for all picture and sound standards

HDMI™-Cable „High Speed, HDMI Plug - HDMI Plug, Ethernet, Fabric, Gold-Plated", Black

Productline	Action
Data Transfer Rate	48 Gbit/s
Max. Resolution	8k
Version	High Speed with Ethernet

- HDMI™ cable for perfect, high-resolution ultra HD cinema quality 7680x4320 (8K) pixels
- Dynamic HDR allows every image to be reproduced with the best individual results for depth, sharpness, brightness, contrast and extended colour space
- Gold-plated plug with low contact resistance for secure signal transmission
- Integrated channel for transmitting network data with up to 100 Mbit/s
- 3D transmission due to extended bandwidth
- Elegant and flexible fabric jacket for additional kink protection
- Flexible materials guarantee optimum kink protection and prevent cable breakage
- High speed transmission of up to 48 Gbit/s for all image and sound standards from a bandwidth of 600 MHz
- Image resolution: 3840 x 2160 - 24 Hz/25 Hz/30 Hz/50 Hz/60 Hz/120Hz, 7680 x 4320 - 30 Hz/60 Hz
- Colour space: 30/36/48 bit
- Transfer of 8PCM, Dolby Digital, DTS, MPEG, DVD audio, SACD, Dolby Digital Plus, True HD and dts-HD audio data
- Transmission of the type of player via ACE (Automatic Content Enhancement)

HDMI™-Cable „Ultra High Speed, HDMI Male - HDMI Male, Certified, 8K, Alu"

Productline	Action
Max. Resolution	8k
Version	Ultra High Speed with Ethernet

- HDMI™ cable for perfect, high-resolution ultra HD cinema quality 7680x4320 (8K) pixels
- Resolutions of 8K @ 60 Hz / 4K @ 120 Hz for delay-free gaming enjoyment
- Dynamic HDR allows every image to be reproduced with the best individual results for depth, sharpness, brightness, contrast and extended colour space
- Supports network connections via HDMI™ for reduced cabling
- eARC supports the most advanced audio formats without additional audio cables
- High-quality materials and shielded lines for excellent picture and sound quality without interference
- High-quality and sturdy aluminium housing with a sophisticated finish
- Robust metal plug with the best shielding for reliable signal transmission
- Gold-plated plug with low contact resistance for secure signal transmission
- The inner conductor is made of copper which ensures best transmission properties
- Ultra-slim design: ultra-thin and super-lightweight, ideal for mobile devices and when out and about
- Light and space-saving due to the ultra thin, flexible cable and the extra small plugs

HDMI™ Switch 2x1

Productline	Essential Line
Width x Depth x Height	5.6 x 6,5 x 2 cm

- Gold-plated plug with low contact resistance for secure signal transmission
- Easy toggling between two HDMI™ sources (manually via the switch on the device)
- HDCP compatible
- Supports resolutions up to 1080 p (up to 60 Hz)
- Plug & Play installation: no software required
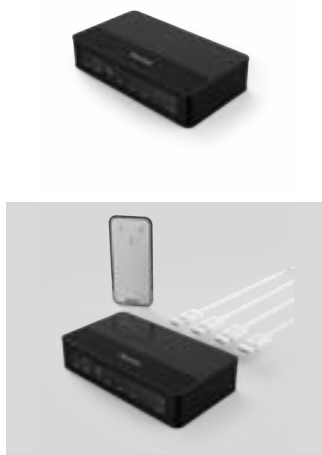

hama

4K-HDMI™ Switch 3x1

Width x Depth x Height	13 x 1.5 x 5.5 cm
Power Supply	External Power Supply optional

- HDMI™ switcher for perfect, high-resolution ultra HD cinema quality
- Elegant and robust aluminium housing
- For connecting up to 3 HDMI™ playback devices (e.g. Blu-ray player, DVD player, TV receiver, computer, tablet PC, Playstation, Xbox) to an HDMI™ device such as TV, monitor, projector
- With remote control for convenient switching between the connected devices
- Supports all resolutions up to max. 3840 x 2160 @ 60 Hz
- Supports the following video formats: 12-bit full HD video, 3D video and 4Kx2k@30/60 Hz ultra HD video

hama

HDMI™ Toggle Switch, 3 Inputs, 1 Output

Width x Depth x Height	9.5 x 1.3 x 4.7 cm
Power Supply	External Power Supply optional

- For connecting up to 3 HDMI™ playback devices (e.g. Blu-ray, DVD player, TV receiver, computer, tablet PC, Playstation, Xbox) to an HDMI™ device such as TV, monitor, projector
- With remote control for convenient switching between the connected devices
- Supports the following resolutions: 480i/480p/576i/576p/720p/1080i/1080p

Signal Converter

hama

AV Converter, Scart to HDMI™

Shade of colour	Black

- Easily retrofit a scart connection to a flat TV
- Playback in full HD quality (1080 p)
- Scart input for connecting video recorders, set top boxes or DVD players
- Input supports the PAL, NTSC3.58, NTSC 4.43, SECAM, PAL/M and PAL/N TV formats
- HDMI™ output for connection to a flat screen or monitor
- Output is compatible with HDMI™ 1.3 and supports full HD resolution (1080 p)
- Power supply is provided via the USB cable or an external USB power supply unit (not included in the extent of delivery)

Antenna Cable
"Coax Plug - Coax Socket, 90 dB", Black

Type of Shielding	Double Shielded
Screening Rate	90 dB

- 90-decibel screening rate (dense braiding + extra strong shielding foil) for protection from electromagnetic interference
- Double shielding for good reduction of electromagnetic interference
- For devices with a 9.5 mm coax connection

Antenna Cable
"Koax-Plug - Koax-Coupling, 90°, 90 dB", White

Type of Shielding	Triple Shielded
Screening Rate	90 dB

- Space-saving 90° plug for connections in a minimum of space
- 90-decibel screening rate (dense braiding + extra strong shielding foil) for protection from electromagnetic interference
- High-quality materials and shielded lines for excellent picture and sound quality without interference
- Triple shielding for very good reduction of electromagnetic interference
- Coaxial cable structure reproduces clear treble and rich bass
- Ferrite core for decimating remaining interference and for good signal transmission
- Flexible materials guarantee optimum kink protection and prevent cable breakage
- For devices with a 9.5 mm coax connection

Universal Receiving Outlet
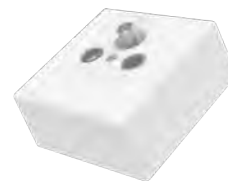

"SKITU" Universal Antenna Socket, 0 dB Terminal Socket, 4 in 1

Productline	Essential Line
Connection for	TV + SAT + Radio + Telephone + Unicable
Frequency Range	5 Mhz - 2200 Mhz
Model	With Cover and Frame
Usage	Terminal Socket

- Simultaneous use of SAT, cable TV, internet and telephone possible
- Return path compatible connection for interactive applications such as DSL via satellite
- TV, telephone and Internet (Triple) through a single line
- Unicable compatible for use in single cable systems according to EN 50494
- Capable of receiving DVB-S/-C/-T
- Multimedia-compatible with 5 to 65 MHz feedback channel (Internet/telephone)
- The Internet signal is received at the TV socket
- Diode-decoupled SAT connection
- Extended F-socket (installation-friendly)
- Suitable for covers compliant with German standards, e.g. for Bush + Jäger
- Ideal for HDTV

  Technical data:
- Frequency range: 5 to 2,200 MHz

  With SAT connection: 950 to 2,200 MHz
  Connection loss: <2dB

  For TV connections: 109 to 865 MHz;
- Return channel: 5 to 65 MHz

SAT Connection Kit, 85 dB, 10 m

Set Contents in Pieces	4

• Double shielding for good reduction of electromagnetic interference
• Shielded lines for optimum picture and sound quality without interference
• 85-decibel screening rate (braiding + shielding foil) for protection from electromagnetic interference
• Impedance: 75 ohms
• Outside diameter: 5.8 mm
• Suitable for digital operation
• 4-part kit comprising:
• 1 double shielded coax cable (10 m, white)
• 2 F plugs
• 1 weather protection sleeve

		00056606
12	SC	

hama

Cable insulator

• For cables with an external diameter up to max. 8.00 mm
• For cables with an internal wire up to a max. diameter of 1.13 mm
• Can be used for external and internal jackets
• Easy to use

ANTENNA / SAT

SAT Multiswitch

hama

"Lypsi SE" SAT Multiswitch, 5/8 NT

Number of Inputs	5
Number of Outputs	8
frequency spectrum terrestrial/SAT	5 - 862 MHz, 47 - 862 MHz, 950 - 2200 MHz
Transmission Loss	6 - 10 dB
Isolation SAT Outputs (min.)	35 dB
Line Voltage	90 - 250 V
Max. Remote Supply Current	500 mA
Power	8 W

- Return path compatible connection for interactive applications via the terrestrial input
- Connection to quadswitch LNB possible
- Decoupling that is especially high for decreased sensitivity to interference from the signal inputs
- With colour coding for easily assigning the cables when connecting the LNB to the multiswitch
- Quad and Quadswitch compatible (22 KHz signal supplied to the LNB)
- With switching power supply for LNB power supply
- Inputs: 4x SAT, 1x terrestrial
- Earth connection: 1x terminal screw
- V/H: 14 V/18 V and 22 KHz switching signal

			00044306
	12	HB

Screw Set

hama

Screw Set with Plugs

Set Contents in Pieces	12

- 4 8 x 80 mm DIN 571 solid metal screws
- 4 8 mm diameter DIN 9021 shims
- 4 12 mm diameter plastic plugs for solid materials (concrete, solid brick)

			00205352
		6	HB	

Sealing Tape

hama

Self-sealing sealing tape, 5.0 m

Material	Caoutchouc
Width x Length	19 x 5000 mm
Thickness	1 mm

- Rubber insulating tape, permanently elastic
- Permanently self-sealing, water-tight
- Highly flexible, can also be used below 0°C
- Complies with VDE Directive 0530 Type A4

Black			00205356

LNB

hama

Universal Single LNB

Noise Factor (typically)	0.3 dB

- Particularly low-noise: the high-quality components used ensure a very low noise factor of max. 0.3 dB
- Insulating cap against wind and weather: the high-quality weatherproof rubber grommet protects the connections and ensures consistently good transmission quality
- Easy to connect: the single LNB enables a simple connection for a digital receiver
- For the digital reception of SAT programmes such as Astra, Eutelsat or Türksat
- For connecting a digital receiver or TV with built-in digital receiver
- Ideal for HD, HD+, Full HD, Ultra HD UHD 4K and 8K
- 22 kHz switch between low and high band
- Weather-resistant thanks to weather protection grommet

hama

Universal Twin LNB

Noise Factor (typically)	0.3 dB

- Particularly low-noise: the high-quality components used ensure a very low noise factor of max. 0.3 dB
- Safe protection from wind and weather: the sturdy weatherproof housing protects the LNB and connections and ensures consistently good transmission quality
- Supply several devices: thanks to the two connections on the Twin LNB, up to 2 digital receivers can be connected
- For the digital reception of SAT programmes such as Astra, Eutelsat or Türksat
- Ideal for HD, HD+, Full HD, Ultra HD UHD 4K and 8K
- 22 kHz switch between low and high band
- Weather-resistant thanks to extendable weatherproof housing

hama

Universal Quattro LNB

Noise Factor (typically)	0.3 dB

- Particularly low-noise: the high-quality components used ensure a very low noise factor of max. 0.3 dB
- Safe protection from wind and weather: the sturdy weatherproof housing protects the LNB and connections and ensures consistently good transmission quality
- Supply several devices: thanks to the 4 connections on the Quattro LNB, several digital receivers can be connected directly in combination with an external multi-switch
- For digital reception of SAT programmes such as Astra, Eutelsat or Türksat
- Ideal for HD, HD+ FullHD, UltraHD UHD 4K and 8K
- With four fixed outputs (HL/VL/HH/VH)
- Weatherproof thanks to extendable weatherproof housing

hama

Universal Quad LNB

Noise Factor (typically)	0.3 dB

- Particularly low-noise: the high-quality components used ensure a very low noise factor of max. 0.3 dB
- Safe protection from wind and weather: the sturdy weatherproof housing protects the LNB and connections and ensures consistently good transmission quality
- Supply several devices: thanks to the built-in multi-switch, up to 4 digital receivers can be connected directly to the Quad-LNB
- For digital reception of SAT programmes such as Astra, Eutelsat or Türksat
- With integrated multi-switch for 4 participants
- Ideal for HD, HD+ FullHD, UltraHD UHD 4K and 8K
- 22 kHz switching between low and high band
- Weatherproof thanks to extendable weatherproof housing

"Twin" Bluetooth® Audio Transmitter, for two pairs of headphones

Connection	3.5 mm Jack Socket
Max. Range	10 m
Bluetooth Version	3.0 + EDR

- Simultaneous music transfer to two pairs of Bluetooth headphones
- APTX technology for better audio quality despite the limited bandwidth with Bluetooth
- Converts every standard audio player like a hifi system, TV or MP3 player into a Bluetooth transmitter
- Can be paired with every Bluetooth compatible device like headphones, speakers, receivers
- Audio input via the supplied 3.5 mm jack cable (adaptation to RCA possible)
- Auto pairing for user-friendly operation and quick readiness for use
- Power supply via USB e.g. directly on the TV or via a separate power adapter
- Range: up to 10 metres (with a clear view)

Black			00040987
	6	HB	

hama

"Link.it duo" Bluetooth® Adapter, Transmitter & Receiver, Bluetooth Retrofit

Connection	3.5 mm Jack Socket, USB-C-Connector
Max. Range	10 m
Bluetooth Version	5.2

- Many connections lead to Bluetooth: TVs, Hi-Fi systems or projectors can be connected via the 3.5-mm jack connection or via the optical fibre connection without interruption thanks to the Bluetooth adapter
- Transceiver for Bluetooth in both directions: whether it be a Bluetooth transmitter or receiver, two devices can always be connected, e.g. two pairs of headphones with one TV or one pair of headphones with the TV and stereo system
- Handy power supply via USB: Bluetooth adapter draws power directly via the USB-A - USB-C cable through the USB port on the device, e.g. TV set
- Bluetooth in no time: thanks to auto pairing, the Bluetooth transmitter and receiver are quickly ready for use - You simply have to pair the devices once and after this the connection will be established automatically when Bluetooth is activated
- APTX technology for better audio quality despite the limited bandwidth with Bluetooth
- Pair the Bluetooth headphones or Bluetooth speaker with the TV, projector or stereo system without a previous Bluetooth function
- Multi-point - 2 Bluetooth headphones on one audio source (e.g. TV): ideal for people who listen to sound at different volumes but still like to enjoy their favourite series together

Black			00205322
	6	HB	

hama

"Link.it solo" Bluetooth® Audio Receiver

Connection	USB-C-Connector
Max. Range	50 m
Bluetooth Version	5.3

- High-quality materials for excellent sound quality without interference
- Multi-device: two signal sources can be paired simultaneously via Bluetooth, e.g. smartphone, tablet, etc.
- Convenient power supply via the device's USB port
- Also suitable for audio transfer from a micro-SD card
- Pairing of up to 2 audio sources to the music system for streaming different music with 2 different mobile phones, for example
- Auto pairing for convenient operation and fast readiness for use
- Up to 50-metre range (with clear sight)
- Analogue output: 3.5-mm jack
- Power supply via USB, e.g. direct from TV or via a separate power supply unit
- Ideal for micro-SD cards with up to 64 GB storage capacity and FAT32 or exFAT formatting
- Supported audio formats: MP3, WMA, WAV, FLAC, APE

• Solid full metal housing for protection against outside interference
• For connecting record players with a magnet system to an audio mixing console or stereo systems with Line/Aux/MD/CD inputs
• Low-noise preamplifier with RIAA equalization
• Also suitable for audio mixing consoles and PC sound cards
• Comes with a power supply unit, 230 V/50 Hz, 300 mA

Signal Converter

hama

"AC80" Audio Converter, Digital to Analogue

Shade of colour	Black
Voltage of Plug-In Power Supply	5 V
Width x Depth x Height	5 x 4 x 2.5 cm

• Allows retrofitting an analogue audio output for connecting a hifi system, amplifier or a pair of headphones
• Improves the sound quality of digital output devices (e.g. flat TV, DVD player) by sound playback via a hifi system
• Two digital inputs (optical, coaxial) for DVD players, games consoles and computers
• One analogue output (line out) for hi-fi systems, audio amplifiers
• Can be operated with the supplied power supply unit
• Plug & play, no software required

Antenna Cable

hama

Antenna Cable „Coax Plug - Coax Socket, metal, gold-plated, 120 dB", Black

Screening Rate	120 dB

- 120 decibel screening rate (two layers each of high-density braiding + shielding foil) for protection from electromagnetic interference
- High-quality materials and shielded lines for excellent picture and sound quality without interference
- Quad-shielding for optimum reduction of electromagnetic interference
- Coaxial cable structure reproduces clear treble and rich bass
- Robust metal plug with the best shielding for reliable signal transmission
- Gold-plated plug with low contact resistance for secure signal transmission
- Ferrite core for decimating remaining interference and for good signal transmission
- Easy to lay thanks to the elastic, environment-friendly TPE material
- Flexible materials guarantee optimum kink protection and prevent cable breakage
- Elegant and flexible fabric jacket for additional kink protection
- For devices with a 9.5 mm coax connection

HDMI™-Cable „High Speed, HDMI Plug - HDMI Plug, Ethernet, Gold-Plated", Black

Productline	Essential Line
Data Transfer Rate	10.2 Gbit/s
Max. Resolution	4k (4096 x 2160)
Version	High Speed with Ethernet

- Transfer of all digital video, audio and copy protection data and signals
- Gold-plated plug contacts for secure signal transmission thanks to low transfer resistances
- For perfect, high-resolution, Full HD quality (4096 x 2160 pixels)
- Colour space: 30/36/48 bit
- Transfer of 8PCM, Dolby Digital, DTS, MPEG, DVD audio, SACD, Dolby Digital Plus, True HD and dts-HD audio data
- Network functionality thanks to integrated Internet / Ethernet channel (HEC); network 100 MB/s
- With integrated audio return channel (ARC)
- Transmission of the type of player via ACE (Automatic Content Enhancement)
- HDMI™ CEC support (Consumer Electronics Control)
- High-speed transfer of up to 10.2 Gbit/s for all picture and sound standards

HDMI™-Cable "High Speed, HDMI Male - HDMI Male, 8K", Black

Max. Resolution	8k

- For perfect, high-resolution ultra-HD cinema quality with 7680x4320 (8K) pixels
- Resolutions of 8K @ 60 Hz / 4K @ 120 Hz for delay-free gaming enjoyment
- Dynamic HDR allows every image to be reproduced with the best individual results for depth, sharpness, brightness, contrast and extended colour space
- Supports network connections via HDMI™ for reduced cabling
- eARC supports the most advanced audio formats without additional audio cables
- High-quality materials and shielded lines for excellent picture and sound quality without interference
- Superior premium quality with respect to workmanship and performance
- Flexible materials guarantee optimum kink protection and prevent cable breakage
- Gold-plated plug with low contact resistance for secure signal transmission
- The inner conductor is made of copper which ensures best transmission properties
- Slimline construction is especially suitable for mobile devices such as smartphones, tablets and notebooks
